

Modern Foreign Languages

Curriculum Intent

To encourage a life-long learning of languages by promoting a positive and enthusiastic approach and attitude to learning languages.

To develop a broader intercultural understanding through learning about different cultures, communities and countries.

To enable children to communicate with increasing confidence, fluency and spontaneity, both in written and spoken language.

To ensure our children have a sound basis for successful future language study at Key Stage 3 and beyond.

“Learning another language is not only learning different words for the same things but learning another way to think about things.” **Flora Lewis**
