

## Christian Values in Geography

Love	Compassion	Respect	Faith	Belonging
				
<p><b>Creating</b> – Using geography skills without fear of right or wrong- We aim for our pupils to LOVE their geography and enjoy geography and understand the world around us</p>	<p><b>Inspiration</b> - Looking to others to help us improve and help others.</p>	<p><b>Respect</b> – Respecting and celebrating both our work and that of our peers. Respecting the community that we live in.</p>	<p><b>Persevering</b> – Keep trying and practicing to perfect skills in all areas of geography. No skill is achievable instantly</p>	<p><b>Teamwork</b> – Working together to develop geography skills</p>
<p><b>Imagination</b> – look at things in unusual ways.</p>	<p><b>Generalisation</b> - Spotting patterns and adapting them to develop geography skills.</p>	<p><b>Open mindedness</b> – Being open to appreciating the work of others and the similarities and differences in techniques.</p>	<p><b>Making mistakes</b> – Enjoy things that go wrong and learn from them.</p>	<p><b>Community links</b> – participate in local events to support and showcase geography projects.</p>
<p><b>Cross curricular links</b> – using geography to support learning in other curriculum areas.</p>	<p><b>Compassion</b> – Understanding that we all have our own experiences, talents and opinions when it comes to geography.</p>	<p><b>Tolerance</b> – Understanding and respect for others.</p>	<p><b>Self -confidence</b> – Mastering and celebrating a geography skill, by showcasing work increases your self-belief and growth mind-set.</p>	<p><b>Expanding horizons</b> – developing appreciation and understanding of other cultures.</p>
